Community Safety

Help with your local Neighbourhood Watch group and help to fit security equipment in the homes of vulnerable people. Or what about Victim Support, British Red Cross, St. John Ambulance and the First Responder scheme?

Environment

Help to care for the environment of your community through Beachwatch groups, Keep Wales Tidy projects, sponsored clean-ups of your local area, or help maintain features of your local neighbourhood through groups like the Old Colwyn Environment Federation.

Discover Volunteering

Discover new experiences

Marketing and Public Relations

Perhaps you have some experience of dealing with the Press or have a persuasive nature! Your skills could be just what so many organisations need to get their point across and highlight issues of concern.

Teaching/Training

Schools often need help to listen to children reading, or maybe there is a Community Computer and you could help to get people started in IT. Or what about helping people to gain skills at Crest Co-operative.

Driving

What about Community Transport, giving lifts to elderly or disabled people to hospital appointments or to do essential shopping? Drivers are also needed by other organisations.

Community Centres

Most areas have Community Centres which need help to run properly. Join the Management Committee and get involved in a practical way, maybe by decorating or organising events, keeping the accounts or raising funds for the Centre. The opportunities are endless.

AND THEN... What about the Credit Union, Citizens Advice Bureaux, groups concerned with Advice and Advocacy, Homelessness, Women's groups, ...and much more...

Choosing a Career?

Did you know...

Your work experience could be with one of these projects

You could bring new ideas to that project

Whatever you decide to do as a career, volunteering is incredibly important and may be part of your course!

If you are 16-24, your time could be accredited through the Millennium Volunteers Scheme!
